

## **WOODLANDS DENTAL: Covid-19**

Dear Patients,

As you are all aware we are currently in the middle of a serious Covid-19 (Coronavirus) pandemic.

Woodlands Dental would like to reassure that patient and staff health and safety is our top priority. We want to assure all of our patients and staff that we have been following strict control measures and closely monitoring all the updates and changes advised by the NHS, CQC, WHO and Public Health England.

Everyone entering the practice are washing their hands and again before they leave. All handles, taps, bannister rails etc. are being cleaned frequently.

The latest guidance is as follows;

Many aspects of routine care must be placed on hold so you will hear from us if affected. With immediate effect, we will not be able to provide any treatment for vulnerable patients and pregnant ladies.

Appointments are being rescheduled at this time, and we hope to see you for check-ups IF you are feeling well and not in the at-risk group of patients.

Please contact us on 01253 731800 for any help with your appointments.

Assuring you of our continuing care as always.

Woodlands Dental
